Product Description

100% Natural Pure Fresh Tea Pollen Big Granular Raw Bee Pollen for Food High Quality

Bee-pollen is considered one of the natural products with the most nutritive and energetic properties. It has an exceptional dietetic value, because it contains 20 out of the 22 essential amino acids, very difficult to find in conventional diets. Pollen consists of a combination of minerals and vitamins which have a stimulating and balancing effects on the body, which encourages growth, protects the circulatory system, regulates the intestinal process, is an excellent fight factor against allergies and it stimulates the cerebral functions. It is very rich in proteins, enzymes, probiotics and minerals.

Appearance	Granules, no Insect worms, no mildew, no visible foreign objects
Colour	light yellow to brown
Odor	natural flower smell
